

Introducing The BillStop24 Through The Wall

The first 24-hour through the wall bill-payment system is now available at VendTechs! Customers have longed for **Convenience** and privacy when performing this type of transaction and now with the BillStop24 they can.

Retail stores with high foot traffic can accept utility, cell-phone, credit cards, insurance and other type bill-payments right outside their location safe and secure. Owners can also add additional revenue by dispensing pre-loaded debit cards and selling pre-paid phone airtime.

- Stand for back of kiosk to form fit to holes in the wall
 - Complies with all ADA rules and regulations
 - Optional USB ports

Getting Started With The BillStop24 & POS Bill-Payment24

1. Completely fill out and print a bill-pay merchant application to start the underwriting process.
2. Once the application is completely filled out, please print an additional copy for your records.
3. Next mail the application to:

2695 Villa Creek Lane Suite #115 Dallas, Texas 75234 (VendTechs mailing address).

- a. Application originals.
- b. A check (\$149.00) payable to VendTechs for a one-time Application Fee.
- c. A check (\$25.00) payable to Empasys for bank processing fee

4. Once your application and fees are received, VendTechs will verify it for completeness. If the application is complete, VendTechs will send originals to the bank which starts the underwriting process. If the application is incomplete a VendTech's sales representative will contact you to discuss what is needed to complete it.

5. During the underwriting process, VendTechs will monitor your application via a bank approval intranet system for bank's additional requirements or final approval.

6. When your application is approval by Vista bank, a sales representative will notify you via email or phone.

7. A welcome kit is mailed to you with passwords for your online account and signage for your location.

8. If you have ordered a Bill-Payment24 or BillStop24 system, the next step is the custom assembly and software configuration of your unit. If this is a POS Billpay24 counter-top bill-pay setup, you will receive a call to setup your training session.

Note: The application must be completely filled out and setup fees paid before submitted to Vista Bank.

BillStop24 Just-In-Time Payments

VendTechs basic software configuration for the BillStop24 kiosk is called “Just-In-Time Payments”. These payments will post paid with billers within 1-3 hours of transaction between the hours of 8:00 am – 4:00 pm Central Standard Time.

Owner can request your units be configured to accept a particular biller’s payment or a combinations of billers. JIT payment processing cost is \$2.75 for each bill. The software allows owners to charge any fee they desire above this fee.
